Important information about Hazard Mitigation Grant Funding Hurricane Sandy Relief

There has been an up-date from the Governor's office regarding the HMGP 4086 Mitigation funding allocations. The Governor's office has identified **Acquisitions and Elevation** thus far, as State priority projects. There are more decisions being made at this point, regarding both HMGP and Community Development Block Grants (CDBG) funding allocations. Upper Township will provide updates as soon as they become available from the State.

ALL acquisition projects will be run by the NJ Dept. of Environmental Protection (NJDEP) Green Acres program, who will act as the sub grantee for acquisitions. Additional information on this funding will be sent out when available from NJDEP.

All elevations will run through NJ Dept. of Community Affairs (NJCA) State run elevation process (combination of CDBG and HMGP funding).

All residents that are interested in this program should contact and register with NJCA at:

www.sandyhelp.nj.gov

The State has also set up two phone hotlines:

855-726-3946 for **Homeowners**

855-726-3929 for **Business Owners**
