SWEAR IN PAUL DIETRICH

DISCUSSION

Correspondence was received from Garrison Architect as part of their application to the Department of Education to construct a new storage building at the elementary school in Marmora. They propose to demolish the modular classrooms since they don't hold classes in them anymore and are currently used as custodial staff offices and storage. This is the time for the board to give comments or concerns regarding the construction of the new building.

Mr. Dietrich stated the proposed building is smaller than the existing modular buildings and would be located just behind where the modular buildings are now. If the board is not comfortable they can request the school make a presentation at next month's meeting or they can have him correspondence with the school.

A motion to have Mr. Dietrich act on the boards behalf was made by Mr. Kelly, seconded by Mr. Riordan, and approved.

Mr. Dietrich stated they have received a demolition permit and they have ordered the building. They hope to have the building finished by the fourth of July.

PUBLIC PORTION

The meeting was open to the public. Hearing no response, the meeting returned to the board.
