**2020 FIRE DISTRICT BUDGET**

**Narrative and Information Section**

## 2020 BUDGET MESSAGE & ANALYSIS

1. The Upper Township Fire District No. 4 continues to hold its annual election in February.
2. The Commissioners remain committed to the safety and protection of the residents of the Fire District. The 2020 Budget attempts to delicately balance two compelling but competing interests. The Commissioners have balanced a tax increase with the obligation to protect the safety and welfare of the of the residents of the District.

The 2020 Budget attempts to address the dangers facing the residents of this State. It has become clear that fire and rescue personnel must be prepared to respond to catastrophic natural disasters together with the threats from biological and chemical releases. The state of the art facility serves as an emergency shelter and provide accommodations for supporting fire and emergency rescue personnel. The facility provides needed upgrades to address evolving societal dangers such as chemical and biological releases. The Fire Company's facility is an invaluable resource to the Fire District allowing it to grow and provide the necessary resources for the challenges the District will face in the upcoming decades.

Almost 20 years ago, the voters approved the public question regarding the Length of Service Award Program ("LOSAP") and the program was funded. In 2001, the LOSAP regulations were finalized and the Commissioners were able to select and approve a vendor to handle the Length of Service Award Program (LOSAP). The Commissioners continue to fund this program for the upcoming budget year.

3. For the upcoming Budget year, the Commissioners have re-negotiated the firefighting agreement with the Seaville Volunteer Company. The new agreement is more of a "turnkey" agreement. More particularly, under the new agreement, the Fire Company is required to not only provide firefighting services but the equipment, firehouse and protective gear necessary to provide the appropriate firefighting services. As a result of this change the line item associated with the firefighting agreement has significantly increased. In light of the aforementioned change, the Fire District will no longer be renting the firehouse, trucks or personal protective gear. Accordingly, these items will be reduced to zero. More importantly, there is no negative impact to the Budget.

4. In the 2020 Budget, the entire unreserved fund balance ("surplus") of \$6,000.00 was used to reduce the amount of monies which need to be raised by taxes. At this juncture it is difficult to estimate the exact 2020 expenditures. Based upon previous budget years it is anticipated that approximately \$6,000.00 will remain for use in 2020.

Although the 2020 ratables for Fire District No. 4 are not precisely known, an additional increase of approximately \$1,439,400 is projected. As a result of minimal increases in expenditures and increased ratables, the tax rate will increase by .002. The amount to be raised by taxation is below the 2% cap. The total assessed value of the District with the increased rateables is \$566,585,300.00. The proposed tax rate is .101.

5. District is in compliance with Property Tax Levy Cap.
6. Not applicable - no Restricted Fund Balance
7. Not applicable - no Capitol Appropriations.
8. Not applicable - no Cash Deficit.
9. Not applicable.
10. See prior page.
11. LOSAP was established in 1999.

THIS AGREEMENT made this 19<sup>th</sup> day of November, 2019, between the COMMISSIONERS OF FIRE DISTRICT NO. 4, in the Township of Upper, Cape May County (hereinafter referred to as "Commissioners"), and SEAVILLE VOLUNTEER FIRE COMPANY, INC. (Hereinafter referred to as "Fire Company").

**WITNESSETH:**

WHEREAS, N.J.S.A. 40A:14-68 authorizes the governing body of a municipality to contract with volunteer fire companies within the municipality for the purposes of extinguishing fires, upon such terms and conditions as shall be deemed proper; and

WHEREAS, N.J.S.A. 40A:14-81 invests the commissioners of a fire district with the same powers, duties and functions within the fire district and to the same extent as municipalities relating to the prevention and extinguishment of fires and the regulation of fire hazards; and,

WHEREAS, the Commissioners have negotiated an agreement with the Fire Company within its jurisdiction upon terms that are fair and proper for the provision of fire protection services to the fire district.

WHEREAS, the Commissioners and Fire Company, in consideration of the payment to be made as herein described and the exchange of mutual promises, represent and agree as follows:

1. Fire Company will extinguish fires within the fire district or pursuant to mutual aid agreements which have been entered into by the Fire Company with the concurrence of the Commissioners. Copies of all such contracts or agreements shall be furnished to the Commissioners. For purposes hereof, the term "extinguishing fires" shall be used in its broadest and most universal sense. Nothing in this paragraph shall in any way hinder the chief of the volunteer fire company, or those acting on his behalf, from rendering emergency assistance to protect life and property outside the normal territorial jurisdiction of Fire District No. 4.

2. In addition to the firefighting services, the Fire Company shall provide all vehicles and personal protective fire equipment necessary to extinguish fires. The Fire Company shall also provide the use of the fire house for the storage of the fire trucks and implementation of the firefighting services. The vehicles, protective personal gear and the fire house shall be provided at no additional charge.

3. Nothing herein shall be construed to increase any liability on the part of the Fire Company to the public for errors or omissions in the performance or nonperformance of its duties hereunder or pursuant to any other requirement.

4. The members of the Fire Company, in performing fire duties, shall be deemed to be exercising a governmental function.

5. The firefighter members of the Fire Company shall be under the supervision and control of the chief of the Fire Company, but the Fire Company may not

take any actions which are contrary to law or to the bylaws or official actions of the Commissioners. The Commissioners shall act in an advisory capacity with the Fire Company and shall not interfere with or seek to regulate the internal administration of the Fire Company. Nothing herein contained shall be deemed to authorize the Commissioners to direct the actions of the fire officials or firefighters at a fire scene or to act contrary to the statutory command authority of the fire chief at the fire scene.

6. Fire Company shall perform such other duties, directly or indirectly related to the extinguishment of fires, as may be requested from time to time by the Commissioners.

7. The Fire Company and Commissioners agree that the financial stability of the Fire Company is essential to the completion of this contract. Accordingly, the Fire Company agrees to provide to the Commissioners updated bank statements, financial statements and other such documents upon request. Furthermore, the Commissioners reserve the right to audit the Fire Company throughout the term of the Agreement. If the Fire Company fails to provide any of the requested financial information or fails to maintain the necessary financial stability, the Fire District retains the right to void the Agreement and seek firefighting services elsewhere.

8. In addition to the payment to be made by the Commissioners to the Fire Company pursuant hereto, the Commissioners shall provide funds for the purchase of liability insurance coverage for the Fire Company and its firefighters while engaged in

firefighting duties, including, but not limited to, their use of apparatus, vehicles and equipment owned by the Fire Company; and for property damage and liability insurance for the Seaville Fire House and any additions thereto.

9. The Commissioners shall reimburse firefighters for any losses incurred while engaging in fire duty, subject to reasonable proof of the value of such losses, except for those losses and expenses for which reimbursement shall be provided by insurance.

10. The Commissioners shall pay the Fire Company the amount of \$339,980.00 for the period from January 1, 2020 through December 31, 2020, as reimbursement for the expenses of providing fire protection for the district.

11. The payment to be made hereunder is dependent upon the Fire Company maintaining an adequate firefighter corps and an available manpower response during all hours of the day. In determining the adequacy of the firefighting corps and of the available manpower response, mutual aid agreements shall be taken into consideration.

12. Commissioners may, but shall not be required to, provide life and health insurance for the members of the Fire Company. Any insurance, once in force, may not be terminated by the Commissioners except by formal vote at the public hearing on the fire district's annual budget, which will be held on January 19, 2021. The Commissioners must give notice to the Fire Company of their intention to terminate any

insurance at least thirty (30) days prior to the public hearing at which the formal vote will occur. If the Commissioners vote to terminate the insurance, such termination shall be not be effective until March 1, 2021. Unless the Commissioners terminate the insurance in compliance with this paragraph, then such insurance shall continue in place until March 1, 2022.

13. This contract is contingent upon adequate funding provided in the annual budget, approval of regulatory authority and voter approval of the Budget.

14.
